

## CURRICULUM VITAE

ANDRZEJ ŁADOMIRSKI  
Front-end Developer  
Wrocław

### PURPOSE

I'm classical musician. After years of stage and teachers career I decided to learn how to make websites and web apps. Now I'm still growing my knowledge of programming, I explore new technologies and every day get new skills.

Currently I'm looking for a job as a **Junior Front-end Developer**. Creating apps and websites is my passion and in future I'd like to develop my skills in programming applications for mobile devices.

### SKILLS

#### Technologies:

HTML5, CSS3, SASS, JavaScript ES5, ES6, jQuery, Twitter Bootstrap, GIT, Gulp, AJAX

#### Programms:

Adobe Photoshop, MS Office, SketchUp, Audacity, Finale

#### Foreign languages:

english - upper intermediate (B2 level)  
italian - basic (A2 level)

### EDUCATION & WORK

2014-now - CENSA - coach, instructor

1999-now - musician, violinist

2002-2016 - adjunkt in violin

Music Academy in Wrocław:

2017 - kodilla.com - Front-end Developer

2014 - habilitation

2008 - doctor degree

1999-2002 - master studies

### SOFT SKILLS & HOBBY

Being a musician teached me:

- great self-control in stress and continous working under time presure
- creative, artistic solutions of many kinds of problems
- cooperation in the big group (bands, orchestras)
- organizational skills (concerts, festivals, conferences, which I've made)

My passions (beside music and coding):

- woodworking
- city games - preparing and organizning
- off-road
